

Post Abortion Grief: Therapeutic Approaches

For mental health professionals,
volunteer counsellors, nurses,
midwives, and anyone involved in
post abortion care

Psychologist and international speaker Dr Theresa Burke is the creator of Rachel's Vineyard - the largest post abortion ministry in the world, offering a unique sensory-based treatment which integrates emotional, psychological and spiritual dimensions. Since 1993, the Rachel's Vineyard model has spread to over 70 countries, including Australia.

This series of sessions will provide staff with trauma-informed upskilling and new insights into post abortion issues for both women and men. Topics will include:

- **The trauma of abortion**
- **Understanding dissociative experiences**
- **Adverse drug reactions**
- **Understanding trauma bonds**
- **Pastoral vs clinical models of healing**

Lunch and light refreshments will be provided.

This workshop may qualify for CPE points with the Psychology Board of Australia, the Australian Association of Social Workers, and the Nursing and Midwifery Board of Australia. Consult your professional association's CPE guidelines for more details.
